

## Library Guide Discovery Online Resources

The Discovery search box can be found on the Library website. It is a search engine where you can find articles, eJournals, eBooks, online resources and the Library Catalogue, all from one place.

### Searching

The search box is at the top of the Library website [library.loucoll.ac.uk](http://library.loucoll.ac.uk)  
Enter the words you wish to search for and click search.

This tells you the type of resource

This tells you the location in the library if the resource is a physical book

## Filtering

Select **All filters** to display the filter menu on the left-hand side of the screen.

The screenshot shows a search interface with several filter buttons: 'All filters (1)', 'Full Text', 'Academic (Peer-Reviewed) Journals', 'All time', and 'Source type'. A callout points to the 'All filters (1)' button, stating: "This ensures you can read the full text of the resources included in your search results". Another callout points to the 'Available in Library Collection' filter in the active filters list, stating: "This ensures you will only see resources that are available". The active filters list also includes 'Full Text', 'Academic (Peer-Reviewed) Journals', and 'Catalogue only'. Other filter categories shown include 'Published Date', 'Content provider', 'Source Types', 'Subject', 'Publication', and 'Publisher'. At the bottom of the filter menu are 'Clear All' and 'Apply' buttons.

## Advanced Search

The **Advanced Search** option can also be used to add more keywords to refine your search results.

The screenshot shows the 'Advanced search' interface. A callout points to the 'Advanced search' button, which is circled in red. Below the search buttons, the text reads "Search articles, books, journals & more". There are three search boxes with the following content: "sport psychology", "AND peak flow experience", and "AND". Each search box has a dropdown menu set to "All fields". A callout points to the search syntax, stating: "Use AND, OR and NOT with your extra keywords to help narrow your search." Another callout points to the "+ Add fields" button, stating: "You can add more search boxes by clicking on the + sign." At the bottom of the search interface, there are tabs for "Filters", "Search options", and "Publications". Under the "Filters" tab, there are checkboxes for "Limit your results (1)", "Full Text", "Academic (Peer-Reviewed) Journals", and "Catalogue only". A "Search" button is located at the bottom right, and a "Clear all" link is at the bottom right of the filter section.
